

“A” BABY BOOMER

Mid-Depth

PREP THE SKIN

Cleanse the skin with **Foaming Peptide Cleanser** and thoroughly rinse with 4x4 gauze.

Cleanse and buff skin with equal mixture of **Pumpkin Cleanser** and **Brightening Scrub** – apply to skin and massage gently in circular motions for 3-4 minutes. Rinse thoroughly with 4x4 gauze. Pat skin dry.

PRE-PEEL APPLICATION - HAND FAN TO CLIENT

Wear surgical gloves. Cover client's eyes with eye pads. Brush off any remaining beads with dry 4x4 gauze.

Saturate 2x2 gauze with **20% L-Lactic Acid** – apply an even amount on face and neck using the RA Technique. Work in with gloved fingertips for 2-3 minutes.

Remove with cool water and 4x4 gauze. Rinse several times to ensure thorough removal. Pat skin dry.

Saturate 2x2 gauze with **Cell Conditioner** – apply an even amount on face and neck using the RA Technique. Let product absorb and remain on skin.

Saturate 2x2 gauze with **Melanin Suppressant Solution** – apply an even amount on face and neck using the RA Technique. Let product absorb and remain on skin.

PEEL APPLICATION

Dispense 1-3 droppers of **TCA/Salicylic Acid** into glass beaker.

Saturate 2x2 gauze with **TCA/Salicylic Acid** – apply an even amount to face and neck using the RA Technique. Let product absorb and watch skin for 2-3 minutes.

LAYER 2 - Re-saturate 2x2 gauze with **TCA/Salicylic Acid** – apply an even amount on face and neck using the RA Technique. Let product absorb and watch skin for 2-3 minutes. A third layer may be applied. This solution remains on the skin.

CAUTION: Once skin begins to frost, stop applying layers.

2ND PEEL APPLICATION

Dispense 1 dropper of **Vitamin A+ Peptide Peel** on each of the following areas: forehead, each cheek, chin and neck. Gently work into skin with gloved hands until mostly absorbed. This solution remains on the skin.

FINISHING APPLICATION

Daytime Defense SPF30 may be applied if early in day or **Omega 6** may be applied if client will be able to sleep in peel.

Have the client sit up, offer a drink of water, and wait for 5-10 minutes before leaving.

BENEFITS

Our most popular Pro Youth peel! Designed to increase cellular turnover, minimize fine lines, wrinkles, improve pore size and smooth texture.

SKIN TYPES

Fitzpatrick I - VI

All aging, mature skin.
