

AESTHETIC ESSENTIALS

PURIFY Clear Serum by ATZEN Superior to Organic Skin Care addresses the damage acne causes to the dermis and epidermis, including scars, redness, enlarged pores, breakouts, pigmentation, and premature aging. This serum controls active acne, prevents scars, and discoloration, and delivers post-acne repair. atzen.com

Celluma PRO by Bio Photos is flexible, deeply penetrating, and FDA-cleared for acne treatment. The Celluma PRO is a class II medical device, atypical of other LEDs. Celluma uses three wavelengths to combat the painful effects of hormonal skin. While Celluma's blue light kills bacteria, red light reduces inflammation, pimples, and redness. The result? Clear, smooth skin. celluma.com

Clear Skin Willow Bark Booster-Serum by Eminence Organic Skin Care helps heal irritation and reduce the appearance of problem skin. This concentrated serum and product enhancer is infused with willow bark and tea tree oil. eminenceorganics.com

Blemish Banisher Peel and Mask Set by DermAware Bio-Targeted Skin Care contains purifying vitamins and a refining acid peel for acne, congested skin, and uneven texture. It is a professional treatment room must, for all skin types, including sensitive, and can be used alone or layered with peel boosters and other modalities. dermaware.com
