

PRODUCT ROUNDUP [Products, Equipment & Services]

Dreaming of Skin Care

Give you client's skin a rest with these overnight products

1. Nite Firming Antioxidant Moisture Cream
DMK

www.dannemking.com

This cream is designed to repair and fight the signs of aging. Nite Firming Cream penetrates deep into the skin with the use of essential fatty acids, vitamins and antioxidants to assist in collagen production.

2. Bio-Essence Nighttime Calcium Complex

4. ChronoPeptide A
Rhonda Allison

www.rhondaallison.com

ChronoPeptide A provides pro-youth benefits that promote brighter tone, stimulate collagen synthesis and rejuvenate the skin. The product activates the skin's natural defense against environmental stressors and cell regeneration at night.

ChronoPeptide A provides pro-youth benefits that promote brighter tone, stimulate collagen synthesis and rejuvenate the skin. The product activates the skin's natural defense against environmental stressors and cell regeneration at night.

5. All Night Elixir
Sorella Apothecary

www.sorellaapothecary.com

This serum is a blend of a 1% pure retinol paired with licorice and carrot root to combat inflammation. If a client is new to using a retinol, they can start with a few nights a week and work up to every night. The serum will provide firmer, more even and clear skin.
