Skin Sculpting

Use these lifting and toning products and devices on your clients to give them a more youthful, sculpted face and body.

**1. Custom Blends
Bioelements**

www.bioelements.com

Custom Blends target loss of firmness by improving fine lines, inflammation and dehydration in the skin. There are three Custom Blend formulas: Age Architect, Inflammation Inhibitor and Deep Hydration.

**2. Sleeping Cream
Thalgo**

www.thalgousa.com

Sleeping Cream creates an "infusing veil" on the skin to re-energize and smooth the skin during the night to reveal plump, hydrated skin in the morning.

**5. Natural Lift Tonic
Rhonda Allison Cosmeceuticals**
<https://rhondaallison.com>

Natural Lift Tonic combines hyaluronic and lactic acid to bring hydration to the skin while plumping. Meanwhile, retinyl palmitate protects the skin from thermal elements and combats loss of elasticity and muscle tone.

Natural Lift Tonic combines hyaluronic and lactic acid to bring hydration to the skin while plumping. Meanwhile, retinyl palmitate protects the skin from thermal elements and combats loss of elasticity and muscle tone.

**6. Lifting Code Peptide Pearls Intensive Serum-Duo
Bioline-Jat6**

<http://www.bioline-jato>

Lifting Code Peptide Pearls Intensive Serum-Duo has biomimetic molecules that reduce the appearance of fine lines, expression lines and skin laxity, and this serum helps the skin regain elasticity and firmness.
