

AUGUST EDITORS' PICKS

KAMAI KIRK - AUGUST 17, 2019

Rhonda Allison Pumpkin E Serum (\$32)

This concentrated formula infuses the skin with essential vitamins, minerals, and antioxidants to transform dry, chapped irritated patches into balanced, glowing skin. Hydrate dull, lackluster skin for a brighter, more radiant appearance. Pumpkin seed oil provides naturally occurring beta-carotene, zinc, salicylic acid, and retinol. Boost antioxidant support by adding a few drops to other skin care products such as moisturizers and masks.
